FLAME RETARDENT OVERALLS

PV500101, PV500102, PV500103,
PV500104, PV500105, PV500106

SUMMARY

Overall manufactured from 100% pre-shrunk cotton drill with a unique flame resistant finish, designed specifically for the welding industry.

The elasticated waist allows for a comfortable fit with some movement when stretching to reach difficult to access areas. Adjustable cuffs allow the overalls to be fitted closely during use and removed easily at the end of a shift.

Overalls are secured using concealed popper fastening that protected from spatter during welding.

The overalls feature an embroidered logo on right arm and logo tab on breast pocket.

Two hip pockets allow storage of small tools to be stored and covered access points allow easy access to under garments.

A dual compartment pocket on the left breast allows convenient storage of a 6" rule, pen and notepad.

The right breast has a tool loop that could hold a tape measure, torch or environment monitor.

The right leg has a rule pocket that will hold a 12" rule.

FURTHER INFORMATION

Certified: EN470-1 EN 531:A B1, C1, E1, and EN 533

Resilient to over 50 washes

Material weight: 330g Cotton

ARTICLES & ACCESSORIES

Part Number	Product Description
PV500101	Weldability Sif Overall - Small
PV500102	Weldability Sif Overall - Medium
PV500103	Weldability Sif Overall - Large
PV500104	Weldability Sif Overall - X Large
PV500105	Weldability Sif Overall - XX Large
PV500106	Weldability Sif Overall - XXX Large

TECHNICAL SPECIFICATION

Sizing Chart	Inches	Continental	Euro
Small	36"/38"	46/48	2
Medium	40"/41"	50/52	3
Large	42"/44"	54/56	4
X Large	46"/48"	58/62	5
XX Large	50"/52"	64/66	6
XXX Large	54"/55"	68/70	7
