

PRODUCT INFORMATION

3 WAY CYLINDER ADAPTORS

SUMMARY

Some sites choose to service several operators from a single pair of oxygen and fuel gas cylinders.

TARGET APPLICATIONS

In these circumstances, 3-way adaptors are often used to provide 2 or 3 regulator connections.

FURTHER INFORMATION

Third output can be blanked off with the threaded plug, supplied attached via a chain.

ARTICLES & ACCESSORIES

Part Number	Product Description
DA360RH	3-Way Adaptor RH
DA360LH	3-Way Adaptor LH
DAEXTRH	Cylinder Extensions RH
DAEXTLH	Cylinder Extensions LH

TECHNICAL SPECIFICATION

Connections:	12, 3, and 9 O'clock
Available in:	Right Hand models
	Left hand Models
Fittings	5/8" BSP
Max Pressure	300 BAR
