

## PRODUCT INFORMATION

### RED LEATHER PROTECTIVE CLOTHING

## DESCRIPTION

The Weldability range of red leather clothing is designed to protect the user from spatter, sparks and heat. Red leather items are manufactured for high quality, heavy duty leather and stitched using kevlar thread.

## INFORMATION

The garments are worn over the wearer's normal clothes and act as an additional layer of protection to the clothes and the welder's skin beneath.

These red leather protective garments range includes apron, sleeves, jacket and trousers.

All articles are CE approved and meet the requirements of EN470.
