

PRODUCT INFORMATION

CHROME LEATHER PROTECTIVE CLOTHING

DESCRIPTION

The Weldability range of chrome leather clothing is designed to protect the user from spatter, sparks and heat. From jackets and aprons to spats and trousers, Weldability provide a broad collection of quality clothing that ensure durability and comfort for the user.

ESF4003

INFORMATION

The garments are worn over the wearer's normal clothes and act as an additional layer of protection to the clothes and the welder's skin beneath.

These chrome leather protective garments include jackets and boleros (available in medium, large and extra large), aprons (regular and 42" sizes, with ties or a buckle and strap), 18" sleeves, skull caps, spats (worn over the shoe and base of trousers) and knee pads.

All articles are CE approved and meet the requirements of EN470.
