## SIFLITE REVENGE AUTO-DARKENING WELDING HELMET

### SUMMARY

The SifLite Revenge is a solar powered auto-darkening welding helmet with adjustable sensitivity and delay, which helps protect the user's eyes and face from the welding arc, spatter and infrared/ ultraviolet radiation. A high-quality, affordable ADF welding lens and comfortable helmet solution with variable shade, large viewing area and 12 month warranty. Available in 3 striking colour options: Red and Gold, Yellow and Black and Blue and Silver.

### TARGET APPLICATIONS

Can be used in Stick (MMA), TIG, MIG/MAG, Plasma welding/cutting and Oxy/Fuel welding/cutting.

### FURTHER INFORMATION

Key features include:

- Internally adjustable-shades 9-13
- Fast 1/25,000s darkening speed, solar powered by the arc
- Precise adjustable sensitivity options & delay controls
- Large 98 x 43mm viewing area
- Reacts from as low as 5A
- Stylish design and 3 striking colour options
- 12 month warranty
