

PRODUCT INFORMATION

RED PISTOL LIGHTER

DZ405001

DESCRIPTION

An economical red painted pistol sparklighter. It makes use of a single flint and a trigger strike action and comes complete with flint.

FURTHER INFORMATION

A pistol type sparklighter used to ignite oxygen/acetylene or oxygen/propane in gas welding and cutting applications.

Ignition of nozzles should always be carried out perpendicular at 90° to the nozzle. Ignition 'head on' can be dangerous.

Replacement flints for this sparklighter can be purchased in packs of 10 under part number DZ305002.
