

PRODUCT INFORMATION

MORDANT LEATHER TIG GLOVES

EAD005

DESCRIPTION

The Mordant Leather TIG glove is made from tough grain leather and is designed to be lightweight and comfortable to wear. The glove features a soft leather palm and fingers as well as a split leather cuff.

The glove provides fantastic dexterity to allow the easy movement of a TIG rod across the palm, and great lower arm protection. This makes the Mordant Leather TIG glove the first choice for TIG welding and metal work tasks.

INFORMATION

The Mordant Leather TIG glove has excellent Flammability resistance and provides protection to all areas covered by the glove. The cuff will give adequate protection against small splashes of molten metal. Applications Include:

- TIG Welding
- Metal Handling
- General Handling

The gloves are supplied in pairs, packs of 10 pairs or a pack of 100 pairs. Do not wash, do not tumble dry

ARTICLES & ACCESSORIES

Part Number	Product Description
EAD005	Mordant Leather TIG Gloves
